

# Emotions Robot

1. Colour in all of the robot face card on this sheet and sheet 2, as well as the robot on sheet 3.
2. Use a pair of scissors to cut out each robot face card on this sheet and sheet 2 (cut around the outside line of the rectangle) - you don't have to cut anything out on sheet 3.
3. Fold along the dotted line on all of robot face cards.
4. Use glue or tape to attach the folded section to the corresponding number on sheet 3.
5. Every day fold the face cards back to reveal the emotion card that describes how you are feeling on that day.

Encourage your child to say 'Today I am feeling...' and then the emotion they have picked that day.

sick

angry

sad

shocked

Today I am feeling...
