

Sort the Shapes

Can you sort the shapes by matching the item cards with the corresponding shape card?

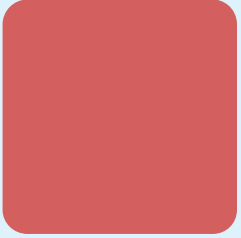

1. Cut out the item cards on this page and the shape cards on page 2
2. Mix the item cards and place into a hat
3. Pick out a shape from the hat and place the corresponding shape onto the shape card.

We recommend instructing your child to say each shape in English when placing onto the shape chart.

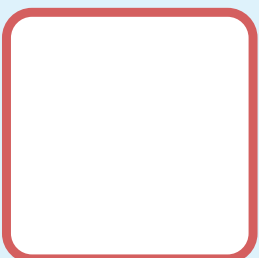

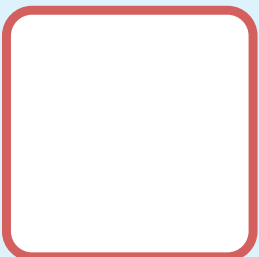

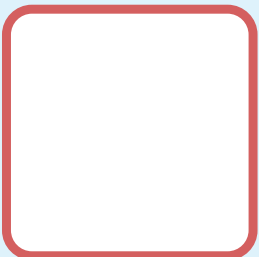

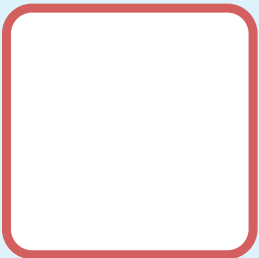

Try saying: "Where does the [ball] go?" or "Where does the [clock] go?"

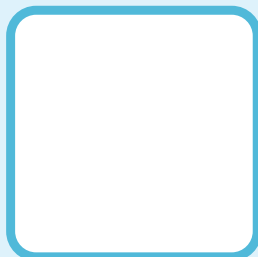

Shape Cards

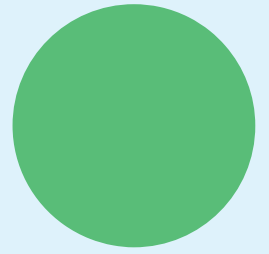

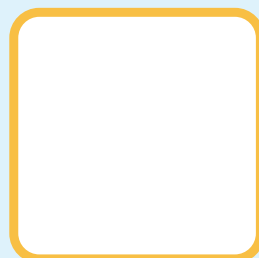

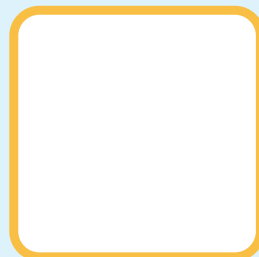

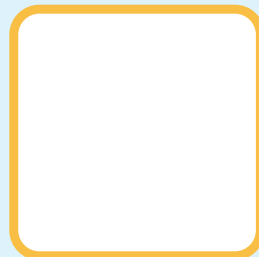

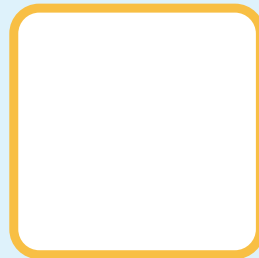

square

triangle

star

circle
